Detector design&spec
Market survey with frozen specification
Call for tender
Qualification batch (QB)
Pre-irradiation acceptance test
QB evaluation
Detector production design
Contract placed
"Module-0" detector evaluation & review
Delivery of 1st batch of "module-0"
Launch full-production
QB detector review
QB irradiation
Detector full-production
ABCD proto-2 evaluation
ABCD proto-1 design
ABCD proto-1 acceptance
ABCD proto-0 design
ABCD proto-1 fabrication
ABCD proto-1 irradiation
ABCD proto-0 fabrication
ABCD proto-0 evaluation
ABCD proto-1 evaluation
CAFE proto-1
CAFE proto-1 acceptance
CAFE proto-1 evaluation
Final FEE production
CAFE+ABC module-0
CAFE+ABC irradiation
Module-0 ready for tests
Module production
ABC proto-2
ABC proto-2 evaluation
ABC proto-1 evaluation
ABC proto-2 acceptance
ABC proto-1
Module-0 tests complete
10% module production
Module assembly, test & QA complete
25% module production
Hybrid proto-1 fabrication
Hybrid proto-1 evaluation
Hybrid proto-0 fabrication
Hybrid proto-0 evaluation
Module contract placed
Module irradiation
Module design review
Module proto-2 design
Module proto-2 evaluation
Module proto-1
Module proto-1 evaluation
Module call for tender
Module specification for procurement
Assembly tooling review
Module PRR
Test and QA procedure review
